To Whom It May Concern:

Eelyn Cowden is hardworking, punctual and gifted as a teacher. Eelyn's dedication to her students is unparalleled and she is continually upgrading her educational techniques and resources to better assist her students in their musical growth.

Eelyn is an example for her students in that she shows them how to be mature in attitude and work ethic, while still having fun!

For the past seven years, Eelyn has gained a following of students that adore and admire her. Eelyn is a consummate instrumentalist and shows a level of professionalism that her students mimic. This is very evident during student recitals.

We recommend Eelyn for a teaching position in any public or private school without hesitation. In a short period of time I think she would become one of your best and most reliable teachers.

Please let us know if we can provide any additional information.

Sincerely,

Two handwritten signatures in black ink are displayed on a light gray background. The signature on the left is "Kathleen Cain" and the signature on the right is "Scott Cain".
